

CLARK COUNTY WASHINGTON

DEVELOPMENT PROJECTS WEEKLY REPORT

September 20, 2006

This weekly report provides a listing of new development projects proposed in Clark County. These projects are under review by the Community Development Department. To research or track a specific project, it will be important to have the project name and case number, which are determined when an official application is submitted. Project names and numbers are listed when a project first appears in the weekly report as a Type II or Type III proposal, as shown below. Projects that are new to the report this week are indicated with a "★".

The applications and proposed plans, staff reports, and final decisions for projects listed below are available for public review at our offices. These may also be viewed at our Web site at www.clark.wa.gov/commdev/development/index.html then click on Proposed Developments or Meetings and Hearings.

If you have questions about a particular type of permit and the review process, you may go to our Web page for an information handout for each type of permit. To view handouts at our Web site, go to www.clark.wa.gov/commdev/development/typespermits.html. You may also request a copy of these materials at our offices.

NEW PROJECT PROPOSALS (*Pre-application conferences*)

The department requires a pre-application conference before it will accept a formal application for projects that require public notice and may require public hearings. This provides an opportunity for the property owner and/or developer to explore the situation with county staff. Members of the public may attend and listen to the discussion. The schedule does not allow for public comment at that stage, however.

☐ **PROPOSALS FOR PUBLIC HEARING (Type III review)**

Type III development applications require public notice and public hearings. The Community Development Department reviews each Type III proposal and prepares a staff report with recommendations to a land use hearings examiner. The examiner will conduct a public hearing to determine whether a proposal meets relevant codes and requirements. This process may include approval, approval with conditions, or denial. Type III decisions may be appealed to the Board of Clark County Commissioners. A decision by the Board of Clark County Commissioners may be appealed to the Clark County Superior Court.

The following projects are scheduled for public hearings. The public is invited to attend and provide testimony. Written comments may be sent to Community Development offices before the hearing date: Clark County Community Development, PO Box 5000, Vancouver WA 98666-5000; (360) 397-2375; Email: comdev@clark.wa.gov.
